

The Alabama Law Enforcement Alliance for Peer Support (ALLEAPS) and the Alabama Law Enforcement Agency (ALEA), in cooperation with the Dothan Police Department, will provide Dispatcher Peer Support training at the Wiregrass Public Safety Center, 100 Public Safety Way, Dothan, Alabama 36303, September 27-28, 2021. This 20-hour training has limited seating, and there is no cost for the training. Each day, the training will begin at 0800 and conclude at 1800.

ALLEAPS is NOT counseling.

ALLEAPS is a highly effective peer-driven support system that exists exclusively within the dispatcher's brother/sisterhood, instead of with well-meaning mental health professionals that 911 Dispatchers typically don't trust.

Completing the 20-hour Peer Support program qualifies students to be certified peer support members as identified in Title 36-21-14, Code of Alabama. This certification provides 911 Dispatchers with the identical privileged communication protection currently in place for a lawyer/client or doctor/patient.

This training is **RESTRICTED TO EMERGENCY DISPATCHERS** with valid credentials.

The dispatcher should have a good reputation and understanding of the dispatcher's brother/sisterhood and the willingness to step up and take action when another dispatcher needs support.

Registration: www.alleaps.org Training

Sponsored by the Houston County Sheriff's Office, Dothan, Alabama
